

# HRS 2019 Mail Study

**It is very important that the questions in this questionnaire be answered by the person to whom the questionnaire is addressed.**

**If the addressee is unable to complete the questionnaire alone:**

It can be filled out by someone who knows this person well enough to answer the questions.

**If neither the addressee nor another person is able to complete the questionnaire:**

Please return the questionnaire, with a short note of explanation, in the enclosed, prepaid envelope.

## **ABOUT THIS QUESTIONNAIRE**

This questionnaire is a part of the Health and Retirement Study. We greatly value your past participation in the HRS, and we hope that you will find this questionnaire interesting to complete. As always, your answers are extremely important to us. Please remember that your participation is *voluntary* and that you may skip over any questions that you would prefer not to answer.

A Department of Health and Human Services Certificate of Confidentiality covers this research in order to help ensure your privacy. This certificate can help protect the investigators from being forced to release any research information that identifies you. Please note that we must report credible evidence of serious harm or abuse to any person to the authorities, but this questionnaire does not ask any questions about such topics.

## **FILLING OUT THIS QUESTIONNAIRE**

It is very important that the questions be answered by the person to whom the questionnaire is addressed (or by someone who knows this person well enough to answer the questions instead, if the addressee is unable to complete the questionnaire alone). At the end of this questionnaire, please record in the space provided the name of the person who completed the questions.

If you have any questions about the questionnaire, please feel free to call us at

**1-866-611-6476**

**THANK YOU!**

Conducted by: The Survey Research Center at the University of Michigan.

Sponsored by: The Social Security Administration and the National Institute on Aging.

**PLEASE ANSWER THE QUESTIONS BY:**

**Marking a box like this:**

**Or writing an answer on a line like this:**

Go to **A13** on page 5.

**Please use a #2 pencil or black ballpoint pen.**

**Section A:**

In the first part of this questionnaire section, we ask you to estimate how much time you spent doing various activities during the last week. For each activity, please tell us the number of hours you spent doing that activity. If you haven't done that activity at all in the last week, then mark the "0 hours" box to the right. If you spent less than an hour doing an activity, tell us how much of an hour you did spend (such as  $\frac{3}{4}$  or  $\frac{1}{2}$ ).

**PLEASE NOTE:**

- Sometimes people do more than one activity at a time -- for example, listening to music while preparing a meal. That is, one hour of listening to music while preparing a meal would count as one hour of *listening to music* and also one hour of *preparing meals*.
- Similarly, one behavior might represent more than one activity included in the list. For example, e-mailing friends is both *using the computer* and *communicating with friends*. Record that time for both of the activities.
- Please include the time you spent traveling to and from an activity when estimating the amount of time spent on that activity.
- We realize that last week or last month might have been unusual, and that your answers may not reflect your typical activity patterns. It is important, however, to report the actual amount of time spent on each activity, rather than the usual amount.
- If you did not do an activity in the last week, please check the "0 hours" box.

How many hours did you actually spend **LAST WEEK**...

We'd also like you to provide your best estimate of your household spending for the following categories. For the items on this page, please enter your annual cost in the provided spaces in the column "Amount spent in last 12 months." If you did not spend money on a specific item or service in the last 12 months, then check the "No money spent on this in last 12 months" box.

For the next set of items we have included two time periods so that you can estimate your spending in the way that is easiest for you for each category: the amount you spend on a monthly basis, OR the amount you spent in the last 12 months. For example, if it is easiest for you to think about what you spend on electricity in monthly terms, then please report how much you spent each month. If you did not spend money on a specific item or service in the last 12 months, then check the “No money spent on this in last 12 months” box.

	Amount spent monthly		Amount spent in last 12 months		No money spent on this in last 12 months

The next block has items that some people do not purchase on a regular basis. Please use the time period that best reflects your spending over the last 12 months to estimate what you actually spent.

For example:

- If your household’s spending on clothing in the last year was irregular or concentrated in just a few months then please report your best estimate of the total amount your household spent on clothing in the last 12 months.
- If your household’s spending on clothing was fairly evenly distributed over the year, then you can choose whether to report the average monthly amount or the total amount spent in the last 12 months, whichever you find easier.

Again, if you did not spend money on a specific item or service in the last 12 months, then check the “No money spent on this in last 12 months” box.

If you bought an item only occasionally or on an as-needed basis, then please give your best estimate of what you spent in the last 12 months.

**B39.5** We have just asked you about purchases by all members of your household, that is, by you or anyone living with you.

INCLUDING YOURSELF, how many people are living in your household? \_\_\_\_\_

Now think of your household's TOTAL spending last year. Please do NOT include any money that you saved or that you invested, including real estate investments, like home purchases.

Compare this amount spent with your total household after-tax income (i.e., income that remains after income taxes were paid or withheld). In your household income, include any earnings from work, any interest or dividends, any pension, annuity or Social Security income, and any other money that your household may have received.
